

Lectures during fairs at ESB Business School

Reutlingen, August 2015

At company fairs that take place in the summer and winter semesters at ESB Business School our students are given the unique opportunity to present themselves to the participating companies and to obtain first-hand information.

That so many top-class companies feel a bond with our School is a sign of esteem for the quality of the education we provide. To maintain this, our joint activities remain essential. In addition to much praise, evaluation of past fairs has also shown that we have to keep an eye on student attendance.

Therefore no classes will take place during the actual time of the fair, though this does not mean that there are no lectures at all during the days of the fair. On the days of the fair the following **arrangement for lectures** will apply for **all Bachelor and Master programmes**:

- before the fair begins there will be lectures and seminars between 8 and 9.30am and after the fair ends from 5.15pm.
- Block lessons can be conducted on the days of the fair from 11.30am.

The fairs open at 9.30am and finish at around 4pm. Company presentations take place between 9.40 and 4pm.

During the fair the students have no classes but attendance at the fair is compulsory. The students have to confirm their presence in the morning and afternoon by signing the attendance lists.
