Welcome ...

... to ESB Business School, one of Germany's leading business schools. ESB has been persistently committed for over 40 years to excellence in international management education. Top ranking scores reflect ESB's high quality standards. ESB professors possess a wide range of real-world business experience. They provide their students not only with the in-depth knowledge required to operate successfully in global markets, but also with the tools needed to meet intercultural career challenges in multinational corporations and organisations.

The various international backgrounds and nationalities of ESB's high-achieving students make for an interesting global 'think tank' within the seminars. Students work in multicultural groups right from the beginning. Team-building activities during the initial orientation week facilitate this. An MSc degree in International Management opens the door to an exciting international career in management, consulting, finance – to name but a few – or even to PhD studies.

Hochschule Reutlingen
Reutlingen University

MSc International Management

The trend towards global markets is ever increasing. It is of vital importance for companies operating internationally to meet the challenges this brings. The development of sustainable and successful strategies for the future thus requires an extensive knowledge of modern management concepts as well as an understanding of the economic, cultural and social environments at the international level.

The MSc International Management ending in Reutlingen is a 15 month (90 ECTS) programme (with 12 months fast track for those entering the programme with 210 or 240 ECTS credits). It combines theory with insights into managerial experience in two countries. This is offered by ESB Business School in conjunction with several of its IPBS partners (International Partnership of Business Schools). All lectures and examinations are conducted in English. The professors who teach in the various schools have extensive academic and professional background in their respective fields ensuring high academic standards and a strong practical orientation. In addition, senior representatives from the corporate world are involved in the teaching.

Upon graduation participants will have acquired the knowledge and skills needed for a future career in top executive positions in international management with companies operating in the global market.

International Partnership of Business Schools (IPBS)

The IPBS is a consortium of elite partner schools who offer double degrees at the undergraduate level in addition to the MSc International Management programme at post-graduate level. All members of the consortium belong to the top universities in their countries.

The following partner universities offer the MSc International Management Program:

NEOMA Business School, Reims/Rouen, France

ESB Business School, Reutlingen, Germany

Dublin City University, Dublin, Ireland

Università Cattolica del Sacro Cuore, Piacenza, Italy

Universidad De Las Americas, Puebla, Mexico

Northeastern University, Boston, USA

Programme structure

The Master of Science International Management is a 12-15 month programme spent in two countries and taught entirely in English. Special emphasis is placed on the international dimensions of business and management.

Applicants begin the programme at one of the 4 Partner A schools before completing the programme at the ESB in Reutlingen.
